BAJA CALIFORNIA & THE SEA OF CORTEZ: AMONG THE GREAT WHALES

8 DAYS/7 NIGHTS—ABOARD *NATIONAL GEOGRAPHIC VENTURE*

The gray whales winter in the breeding grounds of Magdalena Bay.

Seeing gray whales in their natural habitat is one of the great delights of this voyage. In Magdalena Bay, venture out in small boats among these magnificent creatures. In the Sea of Cortez, search for a variety of whales, plus dolphins, blue-footed boobies, pelicans, cormorants, and magnificent frigatebirds. You'll also snorkel pristine coral reefs, join naturalists on hikes amid barrel cacti and sculpted sand dunes, and see a variety of desert flora and fauna.

DAY 1: LORETO/EMBARK

Upon arrival in Loreto, embark *National Geographic Venture*. Savor the sunset as we set sail. (D)

DAY 2: EXPLORING THE SEA OF CORTEZ

Our plan is flexible as we explore some of the sea's many uninhabited islands. The captain and expedition leader will choose the perfect combination of activities for the day. We may go ashore at Isla San Francisco, where a sweeping arc of white sand beach beckons you to kayak or stand-up paddleboard. Or, hike to the nearby ridge for unparalleled views over Isla Danzante with your naturalist. You may also visit the abandoned salt works on Isla Carmen. You'll get a chance to see the great diversity offered in the Sea of Cortez, and with some luck, spot the amazing wildlife. (B,L,D)

DAY 3: LOS ISLOTES AND LA PAZ*

Awake this morning off rocky Los Islotes, where we'll don flippers, a mask, and snorkel (which we provide) and swim with curious sea lions (conditions permitting). Then we'll reposition to the colorful city of La Paz to garner insight into the culture of Mexico, soak in the vibrant street art, and stroll the lively malecon on a guided walking tour. Dinner will be an unforgettable cultural experience, complete with local cuisine, dancing, and folklore (B,L,D).

*Please note our stop in Los Islotes is dependent on sailing conditions.

DAY 4: CABO PULMO AND GORDA BANKS

Kickstart your day snorkeling the pristine reefs of Cabo Pulmo National Marine Park, one of the most successful national marine parks in the world, and chat with locals about their advocacy to protect this unique place. We'll spend the afternoon searching the seas of Gorda Banks seamount, a renowned gathering place for whales, especially humpbacks, dolphins, and other sea life, capping off our day with a majestic sunset over the iconic Friars Rocks at Land's End. (B,L,D)

DAY 5: CRUISING AND MAGDALENA BAY

Ease into your day with morning stretch hosted by the onboard wellness specialist on the sundeck, enjoy a lecture, or join your naturalists onboard as we travel north along the coast of the peninsula. There is a chance of seeing a wide variety of marine life, including the largest animal on Earth, the blue whale. Midday, we'll arrive into Magdalena and anchor in the northern reaches of Magdalena Bay. (B,L,D)

DAY 6: BOCA DE SOLEDAD

Each winter, during their long migration, gray whales travel south from their Arctic feeding grounds to breed and give birth and raise their calves in these sheltered waters. We'll transfer by motorcoach to López Mateos and spend the full day observing, and with luck, interacting with these majestic creatures. Together with savvy local Mexican fishermen, we'll venture out in local pangas to view the numerous mother-calf pairs that thrive in this sheltering region. Enjoy lunch at a local restaurant before heading back to the ship in late afternoon. (B,L,D)

DAY 7: BAHÍA ALMEJAS/ REHUSA CHANNEL/ISLA MAGDALENA

Awake anchored in Bahía Almejas, the southernmost part of the Bay. We'll stop at a large frigatebird colony enroute to the spectacular whale grounds of Bahía Almejas. Whales in this part of the bay tend to be very active, seemingly oblivious to our presence, so settle in for some great experiences. During lunch, the ship will reposition to Isla Magdalena where we'll head to shore to explore the ever-shifting sand dunes on a cross-island walk to one of the most pristine beaches in the Pacific. Bird-watching here can be excellent, with abundant seabirds in action and shorebirds patrolling the beaches as they fatten up for long journeys to Arctic breeding grounds. (B,L,D)

DAY 8: SAN CARLOS/LORETO/DISEMBARK

Disembark in San Carlos after breakfast and transfer to Loreto. Enjoy free time to explore the quaint shops and vibrant side streets. After lunch, transfer to Loreto Airport for flights home. (B,L)
